

OXFORD UNIVERSITY MUSEUM OF NATURAL HISTORY
HOPE ENTOMOLOGICAL COLLECTIONS

Parks Road, Oxford, OX1 3PW

July 2009

The Hope Entomological Collections of Oxford University Museum of Natural History (OUMNH) has used Firma Stolarska Majkowski for the past four years for our collections furniture. The superior quality of the drawers and cabinets and their competitive prices has ensured our continued business.

The company have provided an excellent service, and were amenable to our design requirements, so that the final product fitted our exact needs.

I fully endorse this company and recommend it to other entomologists and entomological institutions.

Yours sincerely,

To whom it may concern

The Hope Entomological Collections, Oxford University Museum of Natural History has been doing business with Pracownia Stolarska Marek Majkowski for nearly ten years. During this period we have found both Marek and Magdalena extremely helpful and amenable to our needs and efficient in all our transactions.

We have purchased a large number of entomological cabinets and drawers, and have also been developing with them postal boxes. The drawers they produce are of the highest standard possible and unsurpassed by any other company I am aware of.

I can honestly recommend this company without hesitation.

Yours sincerely

Dear Marek & Magdelana,

This letter is to confirm that over the past several years we have been supplied by your company with entomological drawers and cabinets. The quality of these items is excellent, the deliveries are always within the required timeframe and we have always received exceptional customer service.

I do not hesitate in recommending your company to other institutions for the supply of entomological cabinets, drawers and postal boxes.

Yours sincerely,

Darren J. Mann

Research Associate, Department of Zoology, University of Oxford

March 2021

The Oxford University Museum of Natural History (OUMNH) has been purchasing furniture from Pracownia Stolarska Marek Majkowski for over a decade. In that time they have supplied us with cabinets, drawer stands and over 5,000 drawers. We have always found the quality of their products to be excellent. The build quality is consistent to a high standard and they have worked in partnership with us to provide furniture that meets our design requirements.

Our most recent order was for 2,000 drawers in support of the 'HOPE for the Future' project. Pracownia Stolarska Marek Majkowski was chosen as a supplier after a rigorous tendering process. Running from October 2019, the project experienced major disruption both from the Covid-19 global pandemic and changes to the import process due to Brexit. Pracownia Stolarska Marek Majkowski not only delivered goods to timetable but also worked with the team at OUMNH in order to overcome difficulties with delivery.

It is without hesitation that I would recommend this company to other museums and institutions.

Yours sincerely,

Zoë Simmons
Head of Life Collections
Oxford University Museum of Natural History
