In 2011 Bolton Museum needed to upgrade the storage of our entomology collection.

We made enquiries of UK companies who could provide the drawers we needed, but following advice from a previous customer of Pracownia Stolarska Majkowski, we quickly decided to use them.

They quoted a price significantly lower, for more drawers, and with faster delivery, than UK competitors.

Delivery was as promised, and the quality of work was excellent.

I have no hesitation in recommending this company to museum entomological departments and entomologists.

Yours sincerely

Don Stenhouse
